Dr. Hugh V. Archer, Ph.D., P.E.  
Regional Director  
Commonwealth of Pennsylvania  
Department of Environmental Resources  
Harrisburg Regional Office  
One Ararat Blvd.  
Harrisburg, PA 17110

RE: Application No. 36-327-011A

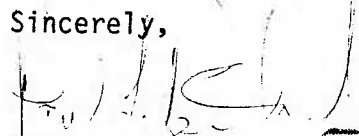

Dear Dr. Archer:

We are in receipt of your letter dated November 8, 1990 concerning our application for an operating permit (36-327-011A) for a conveyORIZED vapor degreaser. We are a government contractor under contract to the Department of Army (DA) to produce a device which specifies the use of the type of equipment for which we have applied.

Being a prudent contractor we wish to abide by all requirements for which your Department has cognizance. We have contacted Mr. Donald Korzeniewski of the Bureau of Waste Management, as you have requested, and believe no other additional permits are required in this matter.

We are working under a very demanding schedule requirement dictated by the DA with respect to this project and we would very much appreciate your expeditious review of our requested operating permit. Please feel free to contact me at 717/299-2581, extension 2257 if I can be of any help at all in this matter by providing data or information with respect to this application.

Sincerely,

  
Paul L. Reinhart  
Director of Manufacturing

New Proposal	<input checked="" type="checkbox"/>
Revised Proposal	<input type="checkbox"/>

TO: Regional Director

(717) 299-2581

FROM: Kamukhai R. Palu  
APCE

Lancaster city, Lancaster County

On 10-23-90, we (accepted/received) an application for plan approval and/or permit to (construct/modify/install) a conveyed vapor degreaser.

This proposal involves: the construction of a conveyed vapor degreaser controlled by a subzero chiller. Freon Genesolv 2004 is used for degreasing. Spent solvent from degreaser is redistilled via a separate still. Sludge or still bottoms are disposed of as hazardous wastes through Safety-Kleen Corp. in Hebron, OHIO.

Permit Coordination Requirements:

Program	No Permit Required	No Permit Required Prior Approval Required	Permit Required Application on Hand	Permit Required Application Needed
Air Quality				
Water Quality	<u>GH 10/31/90</u>			
Solid Waste Management		<u>10/30/90 DM</u>		
Community Env. Control	<u>CEN 10/31</u>			
Mining & Reclamation				
Radiation Protection				
Dams & Waterway Management				

Please indicate your interest on this form and return to the Regional Director by \_\_\_\_\_. Failure to return the form by the indicated date will indicate that your program has no interest in the project.
